

Why I Pledge to Wildflower Church

Community matters!

I want to enjoy and spread **peace, love, justice** and **joy**.

I like **fellowship and food**.

I appreciate **live music, singing, questions, discussions, challenges, commitment, art, movies, laughs,**
and much, much more.

I am very happy that I have found an organization that supports an agenda that I hold very close. I support Wildflower Church because of the way the members interact and make an effort to work together to overcome differences and resolve them. What has impressed me and encourages me to support Wildflower is that it acknowledges our differences and provides a welcoming and safe place for everyone. This philosophy deserves to be supported.
